

Cancellation of a ticket

Modified on: Thu, 15 Aug, 2024 at 10:50 AM

Cancelling a movie ticket is super easy. This video tutorial will guide you on the process.

We do have quite a few cinemas who now provide cancellation of confirmed tickets and it will reflect under '**Your Orders**' on the app/website.

If you do not see an option to cancel the tickets under '**Your Orders**' section, make sure you're logged in via the same Email ID/Contact number used to book the tickets.

If the cancellation option still does not appear, chances are that the cinema you've booked for does not provide the cancellation of confirmed tickets.

Whilst booking the tickets, just tap on the cinema name, if you see '**Cancellation Available**' under available facilities, you are the lucky one. Also, you may check the Email confirmation, it mentions if cancellation is available and the cut-off time. Cinemas allow cancellation of tickets between 20 minutes to 4 hours prior to showtime. (Differing from cinema to cinema).

When you select the '**Cancel booking**' tab, you get to select between 'Refund to Original Payment Mode' and 'Refund to BMS Cash'.

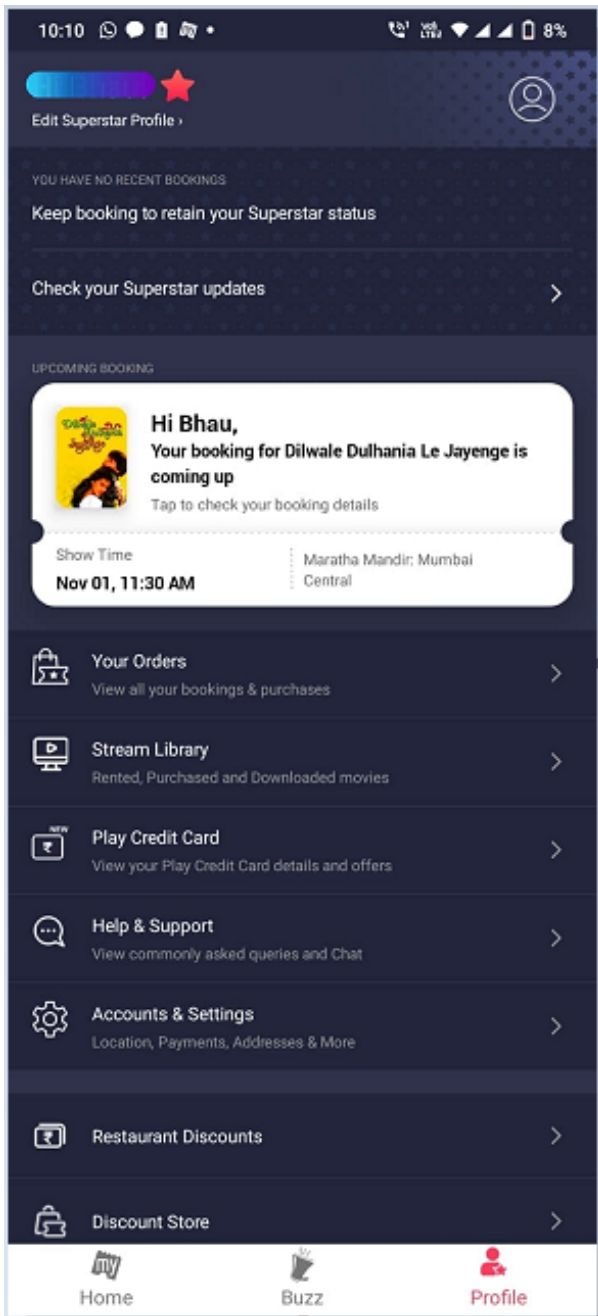

Refunds to source reflect within 5 to 7 working days, whereas BMS Cash reflects within a max 2 hours in your profile.

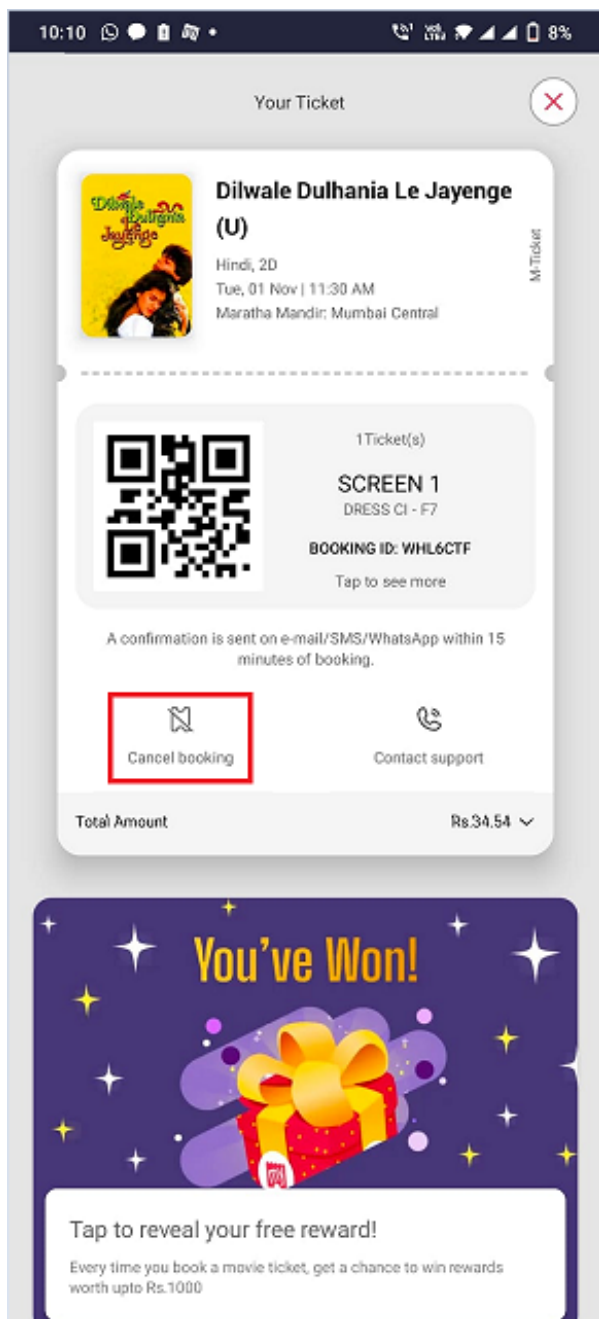

Note: In case you have redeemed a gift voucher while booking and canceled your tickets, the amount will be refunded to the same gift voucher. You may redeem it post 24 hours.

No longer, will you lose the entire amount but instead remain eligible for 75%/70%/50% of the ticket amount to be refunded depending on cancellation policy of that particular cinema.

NOTE: If you have applied payback or loyalty points or have split the transaction/booking with others, the transaction is deemed ineligible for cancellation.

Please follow below steps to cancel your tickets:
