

My show was canceled! What about the refund?

You have nothing to worry about!

In the event of a show being canceled by the cinema/organizers, we'd process a complete refund to the respective account/wallet you made the payment with.

The amount should be there in your account within 5 to 7 working days once processed.

I'm not sure if the show that I have booked for is screening or not. Is my show cancelled?

If you haven't heard anything from us yet, the show will be screening as per the schedule.

We make it a point to let all our customers know via SMS or Email, as soon as we receive an update from the cinema or the organizers, in case of a cancellation.
