

How can I add a payment option to the 'Quik Pay'?

Modified on: Wed, 16 Nov, 2022 at 6:38 PM

We have an option for you to make a swift payment. Just add your payment details to the very safe 'Quick Pay' option available on our website and mobile app.

On the website:

1. Log in to the website
2. Find the 'Profile' tab at top-right corner of the page
3. Select 'Accounts & Settings' from the list
5. Select Saved Payment Modes option
4. Choose the desired payment option, i.e Debit/Credit card, NetBanking, Gift Voucher, UPI details of choice and add the details.

Voila, transacting is a breeze now onwards.
