

It's more than 5 to 7 days, why haven't I received my refund?

Apologies! Now that's not the kind of experience we aim to deliver.

Ideally, you should've received the refund amount by now.

We suggest you glance through your updated bank/source statement thoroughly, if you're unable to locate the refund amount, kindly initiate a LIVE CHAT with us and we'd leave no stone unturned to sort this out for you.
