

My amount was charged, but I haven't received the SMS/Email confirmation.

Modified on: Sat, 29 Oct, 2022 at 2:51 PM

You have nothing to worry about that!

> Upon successful completion of the payment, you'll be able to view the booking in "Your Orders" which is under the "Profile" section on the app/website, (i.e. bottom right corner on the app or the top-right corner on the website).

Do check your Whatsapp/SMS/Email for the booking confirmation before you attempt another transaction.

> In case the booking does not reflect in "Your Orders", we recommend you to make a fresh booking. The amount charged will be refunded to the original payment source within the timelines you see below:

Debit/ Credit Card or Net banking: **5-7 working days.**

UPI and Wallet: **24-48 hours.**

BMS Cash: **Within 2 hours, mostly immediate.**

> If you've redeemed a bank offer/voucher code for the said transaction, do not panic, the same gets blocked for 5/30 mins depending on the offer/voucher code
