

Procedure after registering with VBV/MSB

Modified on: Wed, 16 Nov, 2022 at 7:07 PM

You're just one step away from getting your desired tickets.

Just enter the card details on the payment page, you'll be redirected to your bank's website enter the VBV (Verified By Visa) / MSB(Mastercard Secure Code) That's it your tickets are booked.

In case you don't see it, not to worry please check 'Your Order's section as well as Email/SMS/WhatsApp.

I am unable to book tickets on the website/app. Pls help.

Modified on: Mon, 14 Nov, 2022 at 5:36 PM

That's something we don't like to hear.

There could be multiple reasons behind a payment failure, we suggest you to retry after sometime or choose an alternate mode of payment.

In case issue still persists please click on this [link](https://support.bookmyshow.com/support/tickets/new) (<https://support.bookmyshow.com/support/tickets/new>) and our customer experience team will surely assist.

Can I change/edit the card details that I saved under QuikPay?

Modified on: Mon, 14 Nov, 2022 at 5:31 PM

Certainly, you can always delete the saved card details and add a new one.

PS: It cannot be edited.

Can I add multiple bank accounts to QuikPay?

Modified on: Mon, 14 Nov, 2022 at 5:08 PM

Absolutely! There's no limit in adding your desired mode of payment.

We've multiple payment option which can be saved under 'QuikPay' section and the same are listed below:

The screenshot displays the 'QuikPay' section of the BookMyShow app. At the top, a dark blue navigation bar contains links: 'Your Orders', 'Stream Library', 'QuikPay' (highlighted), 'Rewards', 'Restaurant Discounts', 'Discount Store', 'Profile', and 'Saved Devices'. Below the navigation bar, a light gray background features the text 'Your online payments now made faster and easier.' followed by 'Save your credit/debit card and netbanking details and complete your transactions in just a click!'. Three icons with text describe the benefits: 'Fast' (clock icon) for saving time, 'Secure' (shield icon) for PCI certified safety, and 'Safe' (lock icon) for secure storage of card details. Below these are six white boxes with red '+ Add' buttons. The first row contains 'Credit/Debit Cards', 'Net Banking', and 'Gift Vouchers'. The second row contains 'Other Wallets', 'Redeem Points', and 'UPI'. Each box includes a message: 'You Don't have any [option] added to QuikPay'.

How to use a Maestro card to book the tickets?

Modified on: Mon, 14 Nov, 2022 at 5:00 PM

Booking tickets on BookMyShow is no-brainer, just follow the steps below:

- > Select Debit/Credit card from the list of payment modes.
- > Type down your first 16 digit card number from 19 digits.
- > The last 3 digits of your Maestro card is the CVV number.
- > After the details are typed you would be re-directed to the payment page and asked for the OTP/Master Card Secure Code which is initially generated on the bank's page, and make the payment.
- > Congratulations! Your tickets have been successfully booked.

Do American Express cards have a similar authentication?

Modified on: Mon, 14 Nov, 2022 at 4:50 PM

For Amex cards, the extra level of authentication' will work slightly differently. Amex uses the AVS-Address Verification System.

On the payment page on BookMyShow, you will be asked to enter your billing pin code which will be checked against your card statement the bank has on its records.

If the pin code doesn't match your payment will be rejected. If you don't remember your exact billing pin code, you can confirm it from your Credit Card statement.

My Credit Card payment is rejected

Modified on: Mon, 14 Nov, 2022 at 4:36 PM

That's upsetting. ?

Please check the details entered are correct, like the expiration date, CVV and finally the OTP/VBV/MSB password.

Still, no luck? Please try using alternate payment option.

In case issue persists, please connect with the bank.

Can I book tickets using International card?

Modified on: Mon, 14 Nov, 2022 at 4:30 PM

I'm afraid that you would need to possess an Indian issues card to transact.

However, we do have certain events for which International card are accepted.

What is QuikPay?

Modified on: Mon, 14 Nov, 2022 at 2:38 PM

'QuikPay' is a feature added to make it easy to transact on application.

It helps you save your Debit/Credit card, Net Banking, Gift Voucher, UPI and BookMyshow Cash. Which makes it easier to select the desired mode of payment and book your desired tickets swiftly.

Your security is of utmost importance to us and that's why we don't save your CVV details.

Is it safe to enter my Credit/Debit card information on your website?

Modified on: Mon, 14 Nov, 2022 at 2:33 PM

We totally understand your concern.

BookMyShow ensure the highest level of security for all our customers who transact online

All credit card and debit card payments on BookMyShow are processed through secure and trusted payment gateways managed by leading Indian banks.

Banks in India now use the 3D Secure password service/ One time password (OTP) for online transactions, providing an additional layer of security through identity verification.

What is the CVV code?

Modified on: Mon, 14 Nov, 2022 at 2:29 PM

For Visa and MasterCard credit cards, the CVV is a 3 digit number embossed or imprinted on the reverse side of the card.

Whereas for American Express cards, the CVV is the 4 digit number on the front right-hand side of the card above the card number.

Lastly, for State Bank of India (SBI) Cards, the CVV number is printed at the reverse side of the card.

This is an extra security measure to ensure that you have access or physical possession of the card itself in order to use the CVV code.
